

DOHAUS

DOHAUS

Dohaus made in China

We make long-lasting furniture which combines Nordic design principles and Chinese craftsmanship.

Our ambition is to create straightforward, functional and aesthetic products which are designed to integrate into different surroundings.

We believe that well-designed products improve quality of life.

“My focus is to create unique, insightful items for everyday use.”

Designer

Mikko Laakkonen was born in Espoo in 1974. After graduating as a musical instrument maker, he studied furniture design at Kymenlaakso University of Applied Sciences, and later received his Masters degree from the University of Art and Design in Helsinki. After working in design and architecture firms for several years, Mikko founded Studio Mikko Laakkonen in 2004. The Studio offers product design services, with the main focus on everyday items. Mikko's designs have been on display in several exhibitions around Europe, the United States, China and Japan.

He has been awarded the number of international and national prizes, including: German Design Award (2017), Turkey Design Award (2016), Reddot design award honourable mention (2016), Chicago Athenaeum's Good Design Award (2016, 2015 & 2010), Muuuz International Awards 2014, Finnish Designer Awards '14: Furniture Designer Of The Year, Reddot: best of the best design award (2013) Reddot design award (2012), and the Young Designer of the Year prize (2009).

DOHAUS

YUE chair
design by Mikko Laakkonen

Design of the YUE chair makes tribute Chinese traditional calligraphy. Character of YUE is in a concise and fluid form, deriving from pictographic oracle-bone inscription. YUE chair's top arc design fits the back of human body. It is created in graceful line, combining the solid wood bending technical. The connotation of YUE represents

U chair
design by Mikko Laakkonen

U-chair is a versatile collection for public and private environments. the inspiration for the chair came from iconic design of the Chinese Ming Dynasty, but it has been brought into the new millennium. The combination of solid wood and metal makes the chair strong and durable. But also gives it a quiet, yet character appearance.
